

What we do

PARC stands for Parks, Arts, Recreation and Culture. We serve the community by providing health, inspiration, and recreation opportunities through quality programming, facilities, and community events. We work to develop and promote the Tenino Creative District and the Tenino Historic District. In addition, the department furthers the preservation and enhancement of the environment through planned parks, open

spaces, and natural habitat areas.

Tenino has several facilities that are available for your events, meetings, and for recreation like camping and athletics. Click below to explore facilities as well as classes, camps and other opportunities.
